

APPENDIX 2

PENALTY CHARGES

- 1 **Unauthorized Connection.** For any connection made to the District System without a proper Tap Permit therefor: an amount equal to twice the Tap Fee for the size of such connection, as established by Section 7-2, in addition to any Tap Fee imposed or paid pursuant to said Section for the connection when made in conformity with these Rules and Regulations.
- 2 **Unauthorized Use or Discharge.** For discharging or otherwise putting wastewater into the District System without proper District authorization therefor, or introducing any foreign materials or wastewater into the District System in violation of any provision of these Rules and Regulations, other than by the means described in Section 1 above: \$5,000.00.
- 3 **Interceptor Violations.** For bypassing, failure to have, failure to use, or failure to maintain to District standards any grease, oil or sand/sediment interceptor: \$500.00. The implementation of penalties for interceptor violations shall be in accordance with the District's grease, oil, and sand/sediment discharge prevention program, as the same may be approved and revised by the District Board of Directors from time to time.
- 4 **Swimming Pool Discharge Violations.** For failure to obtain or comply with the terms of a swimming pool discharge permit: \$500.00.
- 5 **Interference; Failure to Permit Inspection or Observation.** For interfering with the employees or agents of the District in the performance of their duties, or refusing to permit District employees or agents to inspect or observe the premises, despite reasonable advisement of the need and reason for such inspection or observation: \$1,000.00.
- 6 **Prohibited Drains.** For connecting a prohibited drain to the District System: \$500.00.
- 7 **Tampering.** For bypassing, breaking, damaging, destroying, removing, uncovering, altering, defacing, or otherwise tampering with any portion of the District System, obstructing the flow of wastewater in the District System, or obstructing access to District Facilities: \$5,000.00.
- 8 **Easement Violations.** For placing any plant or structure prohibited in accordance with Section 8-1-10 within the boundaries of any District right-of-way or easement: \$500.00.

- 9 **Unauthorized Entry.** For opening any manhole or entering any portion of the District System without authorization: \$500.00.
- 10 **Infiltration.** For continuing to permit root infiltration, storm runoff, or groundwater to enter the District System after reasonable notice to cure such condition: \$500.00.
- 11 **Escape of Wastewater.** For permitting wastewater to escape from the District System: \$500.00.
- 12 **Failure to Report.** For failing to report damage to or alteration of any District facility, or any foreign materials or obstruction in the flow of wastewater in any District facility: \$500.00.
- 13 **Failure to Notify of Use Changes.** For failure to notify the District of any use change resulting in need for grease or sand interceptor, or Increased Volume Permit: \$500.00
- 14 **Violation of Stop Work Order.** For performing or continuing to perform any work in violation of a Stop Work Order: \$500.00.
- 15 **Failure to Provide Record Drawings.** For failure to furnish record drawings of facilities as installed and as required by these rules and regulations: \$1,000.00.
- 16 **Violation of Suspension/Termination Order.** For failure to stop or eliminate the discharge of wastewater from property effected by an Order suspending or terminating service to such property: \$2,000.00.
- 17 **False Official Statement.** For making or filing with the District any statement, report or application which the person making or filing same knows or has reasonable cause to know is false or substantially inaccurate, or omitting any material fact in connection with such statement, report or application when the omission thereof leaves the remainder of the information given misleading or substantially inaccurate: \$1,000.00.
- 18 **Failure to Give Notice of Excavation.** For failure to give notice of excavation in any area where District Facilities are located: \$500.00.
- 19 **Unauthorized Connection of Two or More Taps.** For joining two or more taps without the express authorization of the District, including but not

limited to interconnections and manifoldings; an amount equal to twice the Tap Fee for the size of such connection, as established by Section 7-2, in addition to any Tap Fee imposed or paid pursuant to said Section for the connection when made in conformity with these Rules and Regulations.
